This email is to confirm that you have been accepted into the UC Berkeley Python4Physics remote summer program for 2026!

The program will start on Monday, June 15 at 10am Pacific time. Classes will be held on Monday, Wednesday, and Friday from 10am-12pm Pacific Time from June 15-July 10. There will be no class on June 19 or July 3 due to US holidays. Here is the link to the class syllabus.

Zoom Webinar Link: https://berkeley.zoom.us/j/95848534820
In order to join the webinars you need to have a Zoom account and login with your password each time. Please make sure you have this information ready by June 15th to start the program. We will be recording the lectures and sending them out the following day.

In addition to the Python class, there will be guest lectures on the following dates:

June 15
Time: 10am pacific
Introduction to REYES program
Speaker: UC Berkeley Professor Raul Briceño

June 22
Time: 10am pacific
Title: Modelling the Formation of the First Galaxies
Speaker: Anshuman Acharya, UC Berkeley Postdoc researcher

June 26
Time: 10am pacific
Title: Rocking Out to Heavy Metal: Origins of the Heaviest Elements on the Periodic Table
Speaker: Daniel Brethauer, UC Berkeley Grad student

June 29
Time: 10am pacific
Title: From Galaxies to AI: Discovering the Universe with Machine Learning
Speaker: Natalí Soler Matubaro de Santi, UC Berkeley Postdoc researcher

July 1
Time: 10am pacific
Title: Ghost Particles and How to Catch Them
Speaker: Srikar Gadamsetty, UC Berkeley Physics Grad Student

July 6
Time: 10am pacific
Title: Biophysics of the Embryo: how the gene expression patterns dictate cellular identity
Speaker: UC Berkeley Professor Hernan Garcia

We look forward to having you join us on June 15!

The REYES/P4P team

*****

Please note we are only issuing participation certificates to in-person P4P students for summer 2026.
