Google Forms

Thanks for filling out this form: [Remote Experience for Young Engineers & Scientists \(REYES\) 2026](#)

You're receiving this email because you filled out the following form using your email address. **This form is owned by UC Berkeley.** Make sure you recognize and trust this form before copying or clicking on any links. If it looks suspicious, **report it**.

Here's what was received.

Remote Experience for Young Engineers & Scientists (REYES) 2026

The REYES program this summer will take place from Monday June 15, 2026 through Friday July 10, 2026.

You can complete your registration for this virtual program here! By registering for REYES, you agree to receive communications related to this program, including login information for all sessions. [Visit the REYES webpage](#) for more information.

You should get detailed information about the schedule starting early June 2026.

By registering to REYES, you will automatically receive information about all REYES-related activities.

For any questions, email reyes-stem@berkeley.edu with the Subject line "P4P Summer 2026 Question"

The survey asks about STEM- H fields. These are Science, Technology, Engineering, Math (STEM) and Health science fields.

Participant/Student First Name *

Naman

Participant/Student Last Name *

Dixit

Please enter your age *

21

If under 18, please provide parent/guardian's full name:

If under 18, please provide parent/guardian's email:

Do you live in the United States (including territories) or outside? *

☐

United States (including territories)

Outside of the United States

What country do you live in? *

India

If your country is not listed above, please write it here.

.....

If you live inside of the United States, please indicate the state or territory where you live:

Please indicate the city where you live: *

Jaipur

.....

REYES is a virtual program. Do you have regular access to (check all that apply): *

A computer

Internet/WiFi

Mobile Device

None of the above

What best describes you? Select all that apply. *

High school counselor

K-12 Educator

- ☐ Parent
- ☐ Middle school student
- ☐ High school student
- ☒ Undergraduate student
- ☐ Graduate student
- ☐ University alumni
- ☐ Faculty/researcher
- ☐ University staff
- ☒ Non-university researcher
- ☐ Other

If you are associated with an academic institution, please state that institution.

University of Rajasthan

Check all your academic areas of interest *

- ☐ Aerospace Engineering
- ☐ Astronomy
- ☒ Artificial Intelligence
- ☐ Biological Sciences
- ☐ Bioengineering
- ☐ Chemistry & Biochemistry
- ☐ Civil & Environmental Engineering
- ☐ Civil Engineering Technology
- ☐ Communication skills for scientists
- ☐ Computer Science

- ☐ Earth and Planetary Science
- ☐ Electrical & Computer Engineering
- ☐ Environmental Engineering
- ☐ Health Sciences
- ☒ Integrative Biology
- ☐ Materials Science & Engineering
- ☐ Mathematics
- ☐ Mechanical & Mechanical Technology Engineering
- ☐ Nuclear Engineering
- ☐ Nutritional Sciences & Toxicology
- ☐ Nursing
- ☐ Medicine
- ☐ Ocean, Earth & Atmospheric Sciences
- ☐ STEM-H Education
- ☒ Physics
- ☐ Psychology
- ☐ Public Health
- ☐ Spaceflight
- ☐ Statistics
- ☒ Other: System Neuroscience, Quantum Information Theory

In order to understand our participants, please let us know how strongly you agree with the following statements.

STEM-H Education is a multi-disciplinary approach to teaching and learning that integrates science, technology, engineering, math, and health with the objective of strengthening problem-solving skills.

★

	Strongly disagree	Disagree	Neutral	Agree	Strongly agree
I am certain I can master STEM-H courses	☐	☐	☐	☒	☐
Even if STEM-H coursework is hard, I can learn it	☐	☐	☐	☐	☒
I am certain I can figure out how to do the most difficult STEM-H coursework	☐	☐	☐	☒	☐
I expect to do very well in courses required for a STEM-H degree	☐	☐	☐	☐	☒
Compared to other students, I expect to do much better in STEM-H courses	☐	☐	☐	☒	☐
I expect to successfully complete a STEM-H major	☐	☐	☐	☐	☒

REYES hosts general-audience talks and a programming class. Please indicate the activities you would be interested in participating *

If you are interested in participating in Python4Physics, you can go to the [official website](#) for more information.

- ☒ General-audience talks
- ☒ STEM-H Classes [Python4Physics]

Is there anything else you would like us to know about you?

I am highly motivated to pursue future research opportunities at UC Berkeley, specifically focusing on the synergy between Systems Neuroscience and Quantum Information Theory to advance our understanding of biological computation.
